Spin the Nail Polish bottle Game:

Game Setup:

1. Cut out the pink arrow and place it in the center of your printed board game. You can attach the arrow to the board with a paper fastener for an easier spin.
2. On each purple circle on the board, place a different colour nail polish.

The object of the game is to get all 10 finger nails painted.
Everyone is a winner!

When the game instructs you to paint 1 nail with 2 colours use different designs /patterns to avoid over painting the nail.

Always make sure the paint is dry before you add another design/coat.

Game Play & Rules:

1. Youngest player starts and the game will play clockwise.
2. Each player starts their turn by spinning the arrow and follows the boards instructions as they go.
3. Play until all your nails are painted.
4. If you wish to continue playing, paint your toe nails too!
